ICEESM 2022

SANYA, CHINA | MARCH 10-11

2022 THE 7TH INTERNATIONAL CONFERENCE ON ENERGY ENGINEERING AND SMART MATERIALS

2022 the 7th International Conference on Energy Engineering and Smart Materials (ICEESM2022) will held on March 10-11, 2022 in Sanya, China. ICPSE conference brings together cutting-edge researchers, professionals related to energy engineering and smart materials drawn from academia, industry, and government, to gather to present and discuss the latest research results and topics. The focus of the conference is to establish an effective platform for institutions and industries to share ideas and to present the works of scientists, engineers, educators and students from all over the world. The organizing committee of conference is pleased to invite prospective authors to submit their original manuscripts to ICEESM 2022.

Because possible restrictions or the pandemic situation cannot be expected when ICEESM 2022 is due to be held. So ICEESM 2022 are preparing for potential scenarios.
